DECK-O-SHIELD™

Concrete Deck, Waterfall
and Natural Stone Sealer

Business Card

Not a film-forming material – penetrates surface to form an integral barrier to moisture penetration.

Protects against salt staining and “whitening” caused by salt in the water.

Water-based, VOC-compliant. Protects new and existing decks from various stains, such as food and drink spills caused by everyday use.

For more information, please contact your local authorized **DECK-O-SEAL** distributor.
