

Protecting Your Investment.

Now you can protect your investment with DECK-O-SHIELD™ and your deck will look as good as your water feels. Designed for use on natural stone, concrete and tile, DECK-O-SHIELD protects new and existing decks from various stains, such as food and drink spills, caused by everyday use. It also protects the deck from salt staining by limiting its penetration. Formulated specifically for the pool industry, waterborne DECK-O-SHIELD is environmentally friendly, ready-to-use and will not change the deck's appearance.
