To determine if a surface can be sealed, drop water on the surface. If the water beads up and does not penetrate into the surface, like a drop of water on a mirror, then the surface cannot be sealed. If the water beads up but some of the water penetrates, then the surface can be sealed with a sealer designed to seal dense surfaces. If the water does not bead up, and penetrates into the surface, then that surface can be sealed with any of the sealers. If the water immediately spreads and penetrates, then a sealer for porous surfaces may need to be used or multiple coats of sealer may be needed.

Sealers

CS-309-25

Solvent-Based, Clear Acrylic Sealer

Satin Finish

CS-309-25 is a clear, ready-to-use, non-yellowing, solvent-based sealer for exterior concrete, decorative concrete, pavers, brick, and tile. It will economically produce an enhanced or satin finish. CS-309-25 is formulated from special acrylic polymers and quick evaporating solvents that effectively seals the surface, protecting it from stains, spalling, and salt.

Coverage: 200 to 600 Sq Ft per Gallon

Package: 1 Gallon Cans
5 Gallon Pails

DECK-O-SHIELD PLUS

Natural Stone and Salt Sealer

Flat Finish

DECK-O-SHIELD PLUS is a premium-grade, ready-to-use, water-based penetrating sealer for porous surfaces. It is specially formulated to use on copings and decks for pools with salt systems. It protects porous exterior and interior concrete, natural stone, manufactured stone, pavers, brick, and tile from salt penetration, staining, and spalling. DECK-O-SHIELD PLUS dries to a flat or natural finish, leaving the surface unchanged in look. It is 100% breathable and will not turn white or yellow. It can be used on decks or water-features such as waterfalls, spillways or rock formations. It complies with all current federal, state, and local maximum allowable VOC requirements, including U.S. EPA, SCAQMD, and OTC.

Coverage: 300 to 475 Sq Ft per Gallon

Package: 1 Gallon Cans
5 Gallon Pails

DECK-O-GRIP

Solvent-Based, Non-Slip, Clear Acrylic Sealer

Gloss Finish

DECK-O-GRIP is a clear, ready-to-use, non-yellowing, solvent-based sealer with a slip-resistant additive which establishes a non-slip surface for traditionally slippery areas. It is a high solids acrylic sealer providing a gloss finish to exterior concrete, decorative concrete, pavers, brick, and tile. DECK-O-GRIP helps protect the surface from staining, spalling and salt.

Coverage: 200 to 600 Sq Ft per Gallon

Package: 1 Gallon Cans
5 Gallon Pails

BELLATRIX

Hybrid Enhancing Sealer

Satin Finish

BELLATRIX is formulated for dense surfaces using dual-protection technology combined with unique hybrid polymers to offer the ultimate in surface protection. Proprietary dual-action technology provides the ultimate in both penetrating and film-forming protection from staining, spalling, and salt penetration. BELLATRIX is 100% breathable and will not turn white or yellow. It will give your dense surfaced exterior and interior concrete, decorative concrete, pavers, brick, natural stone, and tile an enhanced or satin finish. It complies with all current federal, state, and local maximum allowable VOC requirements, including U.S. EPA, SCAQMD, and OTC.

Coverage: 500 to 1,000 Sq Ft per Gallon

Package: 1 Gallon Cans
5 Gallon Pails

DECK-O-SHIELD

Water-Based Penetrating Sealer

Flat Finish

DECK-O-SHIELD is a ready to use, water-based penetrating sealer for dense surfaces. It protects dense exterior and interior concrete, natural stone, manufactured stone, pavers, brick, and tile from staining, spalling, and salt. DECK-O-SHIELD dries to a flat or natural finish leaving the surface unchanged in look. It is 100% breathable and will not turn white or yellow. It can be used on decks or water-features such as waterfalls, spillways or rock formations. It complies with all current federal, state, and local maximum allowable VOC requirements, including U.S. EPA, SCAQMD, and OTC.

Coverage: 75 to 100 Sq Ft per Gallon

Package: 1 Gallon Cans
5 Gallon Pails
